TROOPS FIRED ON.

California Rioters Shoot at
State Militiamen.

The Overland Train is Wrecked
on a Long Trestle.

FOUR MEN KILLED.

Rails Taken Up and Cars Go
Into the River.

SACRAMENTO, Cal., July 12.—For over twenty-four hours United States regulars have been on the field in Northern California, but the railroad blockade has not been broken. In fact, the situation is deemed more serious than it has been at any time heretofore. Human life has been sacrificed at Sacramento, in a horror wherein a train plunged through a trestle, the underpinning of which had been sawed out. The killed and injured are:

Dead—Samuel R. L. Clark, Private Byrne, Private Lubberding, Private Clark.

Wounded—Private Daumler, injured about head; Private Wilson, left leg seriously lacerated; Private Ogan, left arm cut off; Private Ellis, internally injured.

All of the victims but one were soldiers. As a result the feelings of the strikers and the soldiers in the field have been wrought upon until the men composing the contending forces are not only as determined as before but ugly and desperate.

It is clear that the strikers realize the folly of openly resisting the United States army as they have resisted all municipal and state authorities. From the last night's tactics employed at Sacramento against the regulars and the railroad company, it is apparent, however, that the more barbarous and more deadly tactics of guerrilla warfare are to be resorted to. Twice during the day were the troops ambushed. The first attack from under cover was early in the morning. At 6 o'clock Colonel Graham landed at Sacramento with a force of over 600 regulars. No effort was made to resist their progress. The troops marched direct to the Southern Pacific depot and took possession of the buildings and railroad yards. A few hundred people gathered at the depot, but dispersed when ordered to do so. At the wharves a detachment of state militia had been left to guard the water front. The regular troops were no sooner out of sight than this little band of militiamen was fired upon with rifles by a force of some twenty-five men, who were concealed in the bushes on the opposite side of the river. The militiamen returned the fire and about 200 shots were exchanged before the attacking party fled. A Japanese boy who stood on the river bank was killed by a bullet from the militia band. None of the attacking party were apprehended.

After the skirmish it was supposed hostilities had ended. Under cover of the United States troops the railroad officials went into the yards and resumed work unmolested. The tracks were cleared and trains were made up. At noon a train was dispatched for Oakland under a strong militia guard. The train consisted of nine cars, five of them Pullmans. When the first trestle west of Sacramento was reached the structure gave way and the engine plunged down into the stream below. The wreck was caused by a rail having been taken up, spikes pulled, rail plates removed and the rail put back again in place. The locomotive went over bottom and landed in six feet of water. The next two cars piled on top. On the engine were six privates and the engineer and those who were buried in the wreck. Those of the men who were not instantly killed were weighted down with their heavy accoutrements and sank into the muddy water. Engineer Clark was pinned under the engine and his body has not been recovered. The trestle was about eighty feet long and was completely shattered. Fully one-half of the filling was torn out. The engine is buried in the mud and water with the four forward cars. Another car is hanging over the edge of the embankment. They were all mail cars and none of the Pullmans were injured. The disaster at the bridge caused the railroad company to cease its efforts to move trains out of Sacramento. Until the wreckers now at work shall have repaired the damage done to the trestle no trains can be run over that line.

General Graham has detailed Troop I, Fourth cavalry, to patrol the railroad in the vicinity of the wreck and to arrest all suspicious characters. The men in the troop are bitter against the strikers since the derailling of the train and their comrades at the depot predict that they will deal severely with any of the strikers they may encounter.

Harry Knox, the leader of the strikers, has issued the following: "I desire to state in behalf the A. R. U. that this order has not the remotest connection with the derailling of the train between Sacramento and Davisville this afternoon, in which several people lost their lives. We condemn this act as outrageous and barbarous, and entirely contrary to the spirit of the A. R. U., which is engaged in an honorable struggle in the interest of labor and is opposed to violence or the sacrifice of human life. This act was done by sympathizers, and we regret it the more, as it is calculated to injure rather than help us. We sincerely trust that this first act of violence will be the last."

At Oakland the outlook was also warlike. An extra force of 150 special policemen and deputies had been sworn in. The railroad officials were making preparations early in the day to start trains simultaneously with those sent out from Sacramento. The strikers resolved to "kill" the engines that had been fired. After the full force of deputies had arrived, strikers charged into the yards on the mole.

They were repulsed. They waited for reinforcements from the Alameda mole. When more men arrived the strikers charged again, and this time the deputies gave way. After all the engines that had been run out were killed the strikers withdrew. Then came news of the disaster near Sacramento.

When Division Superintendent Wilder heard that the train had been wrecked he stopped further preparations. "We want to know where we stand," he said, "before we go ahead. If bushwhacking is now to prevail we do not propose to send our men out and sacrifice their lives."

At Los Angeles the blockade seems to have been effectually broken.

NOTHING TO ARBITRATE.

Pullman Officials Reply to the Mayors Who Called on a Peace Mission.

CHICAGO, July 12.—Mayor Hopkins, Mayor Pingree of Detroit and E. M. Phelps of Chicago, had a two hours' conference last night with Vice President Wickes, General Solicitor Runnells and General Manager Browne, of the Pullman company at Mr. Wickes' office. Mayor Pingree's telegram urging arbitration was presented and arbitration strongly urged. The conference was held behind closed doors, the Pullman officials promising to give a verbatim report to the newspapers. The report, as given by them follows:

Mayor Pingree of Detroit, accompanied by Mayor Hopkins and Mr. Erskine M. Phelps of Chicago, called at the Pullman offices and submitted to the officials of the Pullman the telegrams Mayor Pingree had received from the mayors of other cities upon the question of arbitration. Thereupon followed a protracted friendly discussion of the matter, in which the officers of the Pullman company set out fully their reasons for believing the questions at issue, which was simply the reopening of the works and carrying them on at a guileless loss, was not a proper subject for arbitration.

Mayor Hopkins, after the conference, would only say: "We are just where we were before we went. Let them do the talking."

AFTER THE MANAGERS.

They Are to Be Hauled Up Before the Federal Grand Jury.

CHICAGO, July 12.—It is reported that when the Federal grand jury concludes its investigation of the A. R. U. it will begin an inquiry into the policy and methods of the General Managers' association. Among the leaders of the workingmen the charge has been made openly and repeatedly, that the obstruction of the United States mails and the interruptions of interstate commerce were due as much to the general managers as to the A. R. U. It has been alleged that the managers agreed that no trains should be run on any of the roads until all had gained their points in dispute with the men. This was done, it is charged, and back such companies as showed an inclination to treat with their employees and bring about a resumption of traffic on their own lines.

Labor Leaders in Conference.

CHICAGO, July 12.—The general public as well as organized labor is looking forward with marked interest to the meeting of the executive board of the American Federation of Labor, perhaps the most powerful organization of the kind in the country, in this city to-day, and its action is expected to have a marked effect on the outcome of the present industrial struggle. It is known that the position of Samuel Gompers, its president, has been one of opposition to a sympathetic strike of Federation men at this time, and that he looks on the situation as critical. He has invited the heads of other labor organizations to meet him here at that time, and the belief is that he will strenuously advocate measures to bring the trouble to an end.

Killed by a Militiaman.

CHICAGO, July 12.—Private W. J. Downing of Company K, Second regiment, Illinois national guard, while walking down Halsted street last evening was jeered and hooted by a crowd of men, women and children. Irritated at their persistence Downing drew his bayonet and turned on the crowd. Pat O'Connor, a laborer, eluded with Downing, and while the two were struggling in the gutter Downing drew his pistol and shot O'Connor through the head. He died on the way to the hospital, and the private was rescued from the now infuriated crowd by the police.

President Endorsed.

WASHINGTON, July 12.—After an hour's debate, in which the firmness, courage and patriotism of the president in the Chicago strike affair was commended by all, Mr. Daniels' resolution briefly endorsing the president's action and pledging him the sympathy and support of the nation was adopted as a substitute for Senator Peffer's resolution. An amendment favoring arbitration was defeated—11 to 35.

Given Forty Days in Jail.

DENVER, Col., July 12.—Before Judge Hallett, C. J. Bush, one of the Santa Fe strikers, was sentenced to forty days in the county jail, the judge being clearly convinced of the guilt of the prisoner in showing contempt for his order.

Want the President Impeached.

CLEVELAND, Ohio, July 12.—At a meeting of local lodges of Knights of Labor held in this city resolutions were unanimously adopted and telegraphed to Washington, demanding the impeachment of President Cleveland for sending Federal troops to Chicago.

Congress to Inquire.

VERY WIDE APART.

Members of the Tariff Conference Are Making Slow Progress.

WASHINGTON, July 12.—Members of the tariff conference committee both from the senate and house, said yesterday, when the conference closed just before 6 o'clock, that progress was being made. All agreed that upon the subjects where the Wilson and senate bills differ the conferees are still very wide apart. It was stated by one of the house conferees, that where the sugar, coal and iron differences adjusted, there would be little difficulty in reaching an agreement on other matters. The house conferees feel that they are entitled to some radical concessions and the senators do not seem disposed to yield. The latter say that it was with the utmost difficulty that they prepared a bill that would command sufficient votes to pass the senate, and that many changes would mean danger to the final adoption of the measure.

THE CODE IN ALABAMA.

Two Young Men Fight a Duel in Which One Is Killed.

ST. LOUIS, Mo., July 12.—A special from Birmingham, Ala., says: News comes from Liberty, Blount county, of a deadly duel between two young men who were rival suitors for the affections of a country belle. John Spears, aged 17 years, and Howell Rainwater, aged 19 years, were the principals.

They decided to settle their differences with pistols and went into the woods at sunrise yesterday morning. As the result Rainwater was shot through the heart and instantly killed. Spears was unhurt. He is now in jail on the charge of murder.

WASHINGTON, July 12.—A splinter of stone weighing four or five pounds dropped from the roof of the porch in front of the White house yesterday. The stone showed signs of disintegration.

Another Daltonite Killed.

GUTHRIE, Ok., July 12.—The report has reached here from the Creek county that Tulsa Jack, one of the members of the Dalton gang, was shot by deputy marshals about three weeks ago, but escaped, and was found for by his friends until he died a few days ago and was buried near the mouth of the Cimarron river.

Gold in Sheets.

CHICKLE CREEK, Col., July 12.—The richest ore ever seen here was turned up in one of the mines here yesterday. The streak varies in width from two to four inches. The free gold is in sheets as large and fully as thick as a five cent piece.

Short in His Accounts.

GREENVILLE, Miss., July 11.—General S. W. Ferguson, secretary and treasurer of the Mississippi Levee board is short over \$34,000 in his accounts.

CONDENSED TELEGRAMS.

At Anderson, Ind., John Drake, a Kentuckian, killed his wife and then shot himself.

White Bear village, Minn., was visited by a heavy incendiary fire that wiped out the business part of the town. The loss will exceed \$30,000; well insured.

The cash balance in the treasury at the close of business yesterday was \$119,978,392, of which \$64,860,717 was gold reserve.

At Whitesburg, Pa., William W. Rant, a farmer, aged 45 years, shot and killed his wife and then committed suicide by blowing the top of his head off.

All the iron works employees went on strike at Elwood, Ind. The strike caused much excitement. The men claim they have not been paid for several weeks.

The Minnesota state Populist convention nominated S. M. Owen, of Minneapolis, for governor, by acclamation. A long platform was adopted reaffirming the Omaha platform, demanding the enforcement of the anti-trust laws and the enactment of a new anti-monopoly law and opposed the centralization tendencies of the age in government.

After some unavoidable delay the complete testimony taken by the senate sugar trust investigating committee has been printed, together with all the reports made at various stages of the investigation. The testimony covers 623 pages, and the index, giving a synopsis of testimony and containing a complete reference to the proceedings, includes thirty-two pages.

The fact that it is impossible to ascertain the quality of a bicycle by a casual examination should be a sufficient reason for buying a wheel with a reputation.

MURDER WILL OUT.

The Chapman Murder Mystery About to Be Cleared Up.
PITTSBURG, Kan., July 12.—At last the Chapman mystery is about to be cleared up. It will be remembered that last January William Chapman was brutally murdered in this city. Many have been arrested but no positive proof has been produced still Detective E. M. Ferrell arrested J. P. Morrison on a charge of horse stealing. Circumstances pointed to his complicity in the above murder, and a judicious amount of questioning resulted in his making a partial confession implicating others. Officer Ferrell since then arrested Charles Lee at Springfield, Mo., and yesterday his preliminary trial was held. Much damaging testimony was produced against him, which warranted his being bound over without bail upon a charge of murder in the first degree.

SEIZURE OF DEBS' PAPERS

Attorney General Olney Instructs Special Attorney Walker Regarding Them.

WASHINGTON, July 12.—Attorney General Olney after reading the accounts of the seizure of Debs' private papers expressed his regret at this action of the government officials and at once sent the following telegram to Special United States Attorney Walker.

Edwin Walker, Chicago, Ill.
DEPARTMENT OF JUSTICE, WASHINGTON, D. C., July 11.—Seizure of the Debs' papers is not according to law and should be publicly disavowed and papers at once returned. If seizure is not strictly and technically lawful, papers should be returned. The government in enforcing the law, cannot afford to be itself lawless, nor, even if they be within its strict right, should measures be resorted to which are unusual and come dangerously near invasion of personal rights. The government is too strong and its cause too righteous to warrant or require anything of that nature. Please wire at once what has taken place and what is done in pursuance of these instructions.

OLNEY, Attorney General.
It is assumed that action was taken under which the papers were today surrendered and the act of seizing them disavowed.

"Dear Sirs:—Among the rafters of all the vital forces, I regard Hood's Sarsaparilla as the general-in-chief. Crowded and overworked, as a preacher and lecturer, I sometimes am conscious that I am not measuring up to the best that I am capable of doing. A few doses—a bottle or two—of Hood's, however, greatly invigorate my body, clarify my mind, and make me feel like a new man."
